Interactive Tutorial 1: Markdown

Working with Markdown

Press `Ctrl + Shift + M` to open a formatted preview on the right.

Basic Text

Write two sentences about yourself, each in a different paragraph.

I am a Sophomore who just joined AguaClara this semester.

I hate coding.

Headers

Make a 3rd level header with your name:

Luis Benitez

Emphasis

Write 4 of your favorite words using each type of emphasis:

Babushka

Bumfuzzle

Kumquat

~~Plop~~

Lists

Make an ordered list of 3 things you hope to achieve this semester, and elaborate on them with sub items. Then, make an unordered list of 3 classes that you're taking this semester:

1. Get a summer internship
    1. Go to conferences
    2. Work on my resume
    3. Work on my elevator speech
2. Network more
    1. Go to more social events
    2. Be more talkative
    3. Join more clubs
3. Improve my GPA
    1. Go to office hours
    2. Study more during my free times

- Baby Orgo
- Environmental Quality Engineering
- Music of Mexico

Links

Write a sentence describing your major, and insert a link to your major's department website:

[I am an Environmental Engineer and the focus of this major is to improve the quality of the Earth both locally and globally.] (https://www.cee.cornell.edu/cee)

Images

Insert the Cornell seal image with:

1. A relative file path(`/images/Cornell_University_seal.png`)
2. A URL (https://raw.githubusercontent.com/AguaClara/aguaclara_tutorial/master/Images/Cornell_University_seal.svg.png)

<! '/Cornell-Univesity-Seal.jpg'

Code Formatting

Put the name of this file in an in-line (single backtick) code format.

```
Particles of a feather floc together!
```

Put the following text in a Python-formatted code block:

```python
def foo():
    print("Particles of a feather...")
    print("...floc together!")
```

Tables

Create a table listing your 3 favorite animals, books, and places on campus. Use a different alignment for each column.

Animal	Book	Places on Campus
Penguins	East of Eden	Libe Slope
Horse	The Giver	Libe Cafe
Dog	The Crucible	Terrace

Blockquotes

Write your favorite quote. It must be attributed to Albert Einstein.

> Two things are infinite. The universe and human stupidity

Horizontal Rules

Add a horizontal rule:

LaTeX Formatting

Copy the equation towards the end of the Markdown tutorial and paste it here:

$$a^2 + b^2 = c^2$$
